TRANS FORMATION

A FORMER TRANSGENDER RESPONDS TO LGBTQ

Linda A. Seiler, PhD

FOREWORD BY JAMES T. BRADFORD, PHD

“ Dr. Linda Seiler has masterfully taken the lessons from her testimony and combined them with biblical principles to provide us with *Trans-Formation*. It is obvious we are witnessing a serious moral revolution ... culture pivoting away from a biblical view on human sexuality. This book is timely and a much-needed resource for the church, equipping believers to respond to the LGBTQ issues that we face. ”

Doug Clay,
General Superintendent
of the Assemblies of God, USA

Drawing from her academic research and her own eleven-year journey out of transgender desires and same-sex attractions, Dr. Linda Seiler answers questions such as:

- What does the Bible say about sexual orientation and gender identity?
- Are people born gay or trans?
- Why are teenagers adopting LGBTQ identities at alarming rates?
- What about “celibate gay Christians”?
- Does transformation mean all temptation disappears?
- How do we navigate conversations with LGBTQ-identified loved ones?
- Should a Christian attend a gay wedding?
- What about preferred pronouns?

Whether you are a Christian leader, concerned parent, or conflicted adult, *Trans-Formation* will equip you with a theological, scientific, and restorative response to LGBTQ.

Linda Seiler (BA, University of Illinois; PhD, Assemblies of God Theological Seminary) planned to change her name to David, have sex reassignment surgery, and live happily ever after. But God had other plans. She is now an ordained Assemblies of God minister, National Chi Alpha missionary, and the executive director of ReStory Ministries.
